Why Swim with a Swim Club?

There are many tangible reasons for your child to swim with a swim club. A few include:

- *To provide a structured swim program that teaches stroke development*
- *To improve swimming techniques and abilities*
- *To encourage swimmers to practice in order to improve personal swim times*

But for every tangible reason, there are many intangible reasons as important, if not more so. Participating in swim club teaches values that last a lifetime. These include:

- *teach and emphasize good sportsmanship*
- *increase self-esteem and motivation, encourage hard work, goal setting and goal achievement*
- *instill the values of dedication, commitment and team loyalty*
- *encourage swimmers to strive for excellence*
- *provide an environment for our swimmers to reach their maximum potential.*

And let's not leave out the fact that being on a swim club is just plain fun!
